

Defect ID	Defect Description	Steps to Reproduce	Priority	Severity	Status	Created By	Assigned To	Screenshot
1	Password mismatch validation is not displayed when the New Password and Confirm Password fields contain different values.	1. Open the browser. 2. Navigate to https://www.irctc.co.in. 3. Login with valid credentials. 4. Go to My Account → Change Password. 5. Enter a valid password in the New Password field (e.g., @Anup913507). 6. Enter a different password in the Confirm Password field (e.g., @Anup913076). 7. Click the Submit button.	High	Major	New	Kumar Anup	Raghavendra BN	 The screenshot shows the 'Change Password' form on the IRCTC website. The 'New Password' field contains '@Anup9991' and the 'Confirm Password' field contains '@Anup9996'. A red error message is displayed below the 'New Password' field, stating: 'Minimum 11 to Maximum 15 characters allowed. Password must contain at least one small and one capital alphabet. At least one Number, digit and one special character (0@9!#\$%^&* etc.) Password should not contain any sequence or repeated numbers like 123, 333, 111, etc., etc etc. Note: The password must not be the same as any of your last three passwords.' The 'Submit' button is highlighted in orange.
2	Invalid email accepted	1. Open IRCTC website. 2. Click Register. 3. Enter an invalid email. 4. Fill all other mandatory fields. 5. Click Submit.	High	Major	New	Kumar Anup	Raghavendra BN	 The screenshot shows a registration confirmation message on the IRCTC website. It states: 'Invalid email ID may lead to deactivation of IRCTC account.' Below this message, the email address 'abdfwfg@gmail.com' is displayed in a blue box, indicating it was accepted despite being invalid.
3	Same source and destination accepted	1. Login to IRCTC. 2. Select New Delhi (NDLS) as the source station. 3. Select New Delhi (NDLS) as the destination station. 4. Select a valid journey date. 5. Click Search Trains.	High	Critical	New	Kumar Anup	Raghavendra BN	 The screenshot shows the 'BOOK TICKET' form on the IRCTC website. The 'From' field is set to 'NEW DELHI - NDLS (NEW DE)' and the 'To' field is also set to 'NEW DELHI - NDLS (NEW DE)'. The journey date is '06/07/2026' and the class is 'All Classes'. The form is ready for submission.
4	Invalid PNR accepted	1. Open the IRCTC home page. 2. Click PNR Status. 3. Enter an invalid PNR number 4. Click Check Status. 5. Observe the system response.	Medium	Minor	New	Kumar Anup	Raghavendra BN	 The screenshot shows the 'PNR STATUS' form on the IRCTC website. The 'Enter PNR No.' field contains '1234567890'. The 'Check Status' button is highlighted in blue. The message 'Enter the PNR for your booking below to get the current status. You will find it on the top left corner of the ticket.' is displayed above the form.
5	UI elements overlap when the browser window is resized, affecting usability and readability.	1. Open the browser. 2. Navigate to https://www.irctc.co.in. 3. Login with valid credentials. 4. Resize the browser window to 50% width or switch to a lower screen resolution 5. Navigate to the Home/Booking page. 6. Observe the navigation menu, search panel, and other UI components. 7. Notice that some buttons and text overlap, making the page difficult to use.	Low	Minor	New	Kumar Anup	Raghavendra BN	 The screenshot shows the IRCTC home page on a smaller screen resolution. The 'MY ACCOUNT' section is visible, including links for 'MY ACCOUNT', 'TRAINS', 'MEALS', and 'LOVE'. The 'BOOK TICKET' button is also visible. The layout appears cramped, with some elements overlapping, which affects usability and readability.

Sr. No.	GUI Description	Actual Value	Expected Value	Status/Remark
